ABOUT CROATIA SEO SUMMIT

Croatia SEO Summit is the biggest SEO event in Croatia and one of the biggest in Eastern Europe (soon to be the biggest).

It is the brainchild of two prominent Croatian SEO experts, Tin Đudajek and Krešimir Čorluka; who also run the biggest Croatian SEO Facebook group (SEO Hrvatska) and regularly organize SEO meets all over the country.

Croatia SEO Summit (formerly known as Zagreb SEO Summit) has grown into something bigger and better. We bring world-class speakers and strive to deliver the best possible experience for everyone attending.

That's why we became Croatia SEO Summit – the largest regional SEO event. Changing locations allows us to reach more people and create even more value for our community.

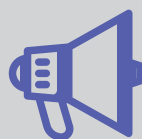

And don't worry – we'll be around Zagreb for sure!
